

BIO HAMMER Oil 150 (ISO)

DESCRIPTION

Hammer oil 150 Bio is vegetable-based oil blended with high-performance vegetable-based EP additives for better control of elevated temperature, pressure and friction.

An "invert" or "water in oil" emulsion formulated to lubricate pneumatic drilling equipment, both handheld and machine-mounted.

APPLICATION

Air Percussion

Method:

Suitable for most types of Rock Drill and Pneumatic machinery. They are ideal for use in mines because of its anti-fog characteristics and severe duty applications.

PHYSICAL QUALITIES

Appearance: Amber colour oil
Solubility: Insoluble substance
Packaging: 20L ; 210L

IMPORTANT INFORMATION

Especially recommended where there are drilling operations occurring near environmentally sensitive areas such as lakes, aquifer systems and delicate Eco-systems | improved health and safety for rock drill operators | Reduced environmental impact | Exceptional lubrication performance
